DARTMOOR WALK

27th - 28th March

Our annual Dartmoor walk this year takes us to some of the high tors on the western edge of the moor. Our route will take in tin workings, Bronze Age reaves and settlements, a stone circle, a standing stone an associated stone row and one of only two possible Neolithic enclosures on the moor.

Please be aware that walking conditions on Dartmoor can vary greatly due to the weather on the day and the ground underfoot so the trip is only suitable for hardened walkers!

There are only a few places left so if you are interested in joining us please contact Pete Fenn at petefenn77@gmail.com for more details.
